# 2011 Summer Math/Science Program

**Math Enrichment I (6/20-7/29):** prepare and build solid foundation for various math subjects, strengthen creative and analytical math problem solving skills and gain confidence in math success for the next school year.

Class	Days	Time	Weeks
Math Olympiad/AMC 8	Tue, Thu	10:00 am – 12:00 pm	6
Algebra I	Tue, Thu	3:30 – 5:30 pm	6
Algebra II	Tue, Thu	7:00 – 9:00 pm	6
Geometry	Mon, Wed	3:30 – 5:30 pm	6
Pre-Calculus	Mon, Wed	7:00 – 9:00 pm	6
Calculus	Mon, Wed	7:00 – 9:00 pm	6

**Math Enrichment II (6/25-7/16):** shorter session for students who are interested in learning Trigonometry in advance for the next school year.

Class	Days	Time	Weeks
Trigonometry	Sat	1:00 – 3:00 pm	4

**SAT Math Prep:** Review math foundations covered in SAT Math I or SAT Subject Math (IIC) tests, teach special test-taking strategies and practice and review tests in class. SAT classes can be conducted either in a one-on-one session or a small group session.

Class	Days	Time	Weeks
SAT Math I (6/20-7/29)	Mon, Wed	3:30 – 5:30 pm	6

The group schedules may be adjusted to fit the needs. If the current sessions don't fit your schedule, we can help form new sessions with other students. There are no classes on July 4<sup>th</sup> and the makeup classes will be on July 8<sup>th</sup>, Friday. If a class has less than two students registered, the class may be cancelled or one-on-one tutoring can be scheduled.

**One-on-One Tutoring:** The one-on-one tutoring sessions provide high quality Mathematics, Physics, Chemistry and Biology tutoring with a targeted approach that is tailored to individual needs. Call or email to schedule the sessions with our instructors. Students sign up monthly depending on the number of sessions in each month, either 4 or 5 sessions per month.
